

BEST PRACTICES, 2023-24

I. STRENGTHENING COLLABORATIVE ACTIVITIES TO MAKE LEARNING DYNAMIC

The Context:

The IQAC aim at associating with industries, NGOs, technical institutions for market exposure, trainings, awareness.

The Practice

Sarsuna College organised collaborative programmes. The positive feedback from each programme led to signing of MOUs, egs.

- 13 colleges (for promoting library activities),
- Prakruthi (teaching self-defence and awareness building on human rights among students and going out in the world),
- Healious Global (value added courses, sp. medical technology),
- TechIT (knowledge sharing on GIS, CS and campussing).
- Brainware & Neotia University (training beyond UG level, student-faculty exchange, collaborative academic, research, joint internship).
- SC Overseas Consultancy Services Pvt. Ltd. (study abroad consultancy)

Problems Encountered:

- Scheduling programmes in Semester system
- Convincing students for new avenues
- poor economic background of students

Evidence of Success:

- Ultimate impressive participation
- Student feedback positive
- Interest in job oriented programmes

II. EMPHASISING ENVIRONMENTAL AWARENESS & VALUING CULTURE -HERITAGE

Context

Organising programmes related to environment, culture and heritage.

The Practice

- Internationally acclaimed days related to environment celebrated by seminars, disease related talks, awareness programmes, poster, quiz, debate, photography and essay competitions.
- The value of recycled, green product making and use promotion, handmade product making and promoting
- Preserving habitats addressed
- Outreach programmes
- PG student research emphasises environmental issues.

Problems Encountered

- Difficulty to imbibe environmental ethics
- Arranging programmes.

Evidence of Success

- Increasing interest in students
- Interactions with local people.
